## Post-Charrette Report

### Shared With The Community

By Sue Roethel

A preliminary report on the findings from the November 2017 charrette was shared with the community at the CCA meeting on Monday, February 5th by the **Community Design Center Rochester (CDCR)**. Highlights of the report include the historic context of the Port and surrounding areas that were studied, and a closer look at how the area looks right now. We learned about the demographics of our neighborhood and how that might impact decisions about development going forward. The final report will be made available later this month via a link on the CCA website under the Community Development tab.

We learned that several common ideas surfaced from every one of the groups studying the six focus areas. Among those were the need to diversify transportation options to maximize connectivity with downtown and other surrounding neighborhoods, the desire for attractions that will bring people into the area on a year-round basis, the desire to change Lake Avenue north of Pattonwood Dr. into a safe and welcoming portal to the Port area, and the need to provide parking alternatives while preserving public access to the beach and harbor. Lots of great ideas and positive energy emerged from the 70+ people who participated on charrette day along with 25+ volunteer facilitators from CDCR.

With a promise of support on charrette day from **Mayor Lovely Warren, NYS Senator Joe Robach, and NYS Assemblyman Joe Morrelle**, the community has a bright future ahead. The Charrette Steering Committee, comprised of 17 active community volunteers, will continue to lead the work that has just begun. The committee will identify common interests and priorities that emerged from the charrette and then set short- and long-term goals that will create a community vision plan for the future.

Anyone who is interested in serving on this committee is welcome.

## Introducing Andrew Hollister New Board Member

I am a lifelong city resident, but very new to the Charlotte neighborhood. My wife and I moved to Charlotte in late summer last year. We immediately loved the neighborhood and the sense of community that exists here. At that time, I was running for City Council with my heart set on helping the city as a whole. Today I've focused my goals on helping the Charlotte Community. I am very passionate about our community being safe and successful, which is why I was thrilled to be accepted on the CCA board and appointed as liaison to the Public Safety Committee. During the day I am running a local small business fixing technology and developing new ideas. In my spare time, I do many things, but the two that seem to take the most of my time are working on sustainability (gardening, solar, etc.) and with various public safety and emergency response groups. One of the things I hope to change while being on the CCA board is the perception of safety at the beach. It is unfortunate, due to a few incidents in past years, that people question the safety at the beach, which at times it becomes a deterrent. One of my youngest memories (or perhaps you could say it is one of my oldest memories) is a time my uncle took me to Charlotte beach to a festival where there were rides in the parking lots and vendors

scattered about. It was (as I remember it) so much fun. For weeks I wanted to go back and was very disappointed to hear those events no longer exist at the beach.

*My vision is to work together to make Charlotte  
an area where people continue  
to make memories together.*

## Safety & Security Meeting March 29th!

The Safety and Security committee will meet on **Thursday, March 29th, 2018 at 6:00 PM to 7:00 PM** at **Harbor Hots**, 4776 Lake Ave, Rochester, NY 14612. **Andrew Hollister** will be introduced to the committee as the new Board of Directors Liaison. Andrew has reached out to **Sheriff Todd Baxter** and Sheriff Baxter plans to attend the CCA monthly meeting in March.

Everyone is welcome! Our committees are as strong as our volunteers. Let's pack Harbor Hots on the 29th of March. Welcome aboard Andrew!

## Introducing Linda Litwak New Board Member

I am a Rochester native, growing up in Greece but always coming to the Charlotte beach. My first job, even as a teenager, was a waitress at LDR Char Pit.

My family and I moved to Charlotte in the late 80's to live on the water. After eight years, my career working for The American Red Cross as Recruitment Manager spurred the need to relocate.

Every time we returned home to Rochester, we found ourselves coming to Charlotte either to the Pier, one of the restaurants or walking on the secret sidewalk admiring the gardens.

I have been a Real Estate Broker for thirty-six years and, upon retiring from the American Red Cross six years ago, returned to Charlotte and purchased a 100-year old house built by a sea captain. We have been rehabbing this house one day and one dollar at a time.

Recently, I retired from an In Home Care for the Elderly Business I started 10 years ago, which has now given me the time to be more involved in the things I love: three grandchildren, gardening, traveling and the Charlotte Community.

While on the Charlotte Community Association (CCA) Board, I hope to help continue the admirable work done via the Charrette by helping to prioritize and develop an action plan with both short and long-term goals. I also want to expand outreach to stakeholders and residents to collectively come together to work towards the vibrant vision that is unfolding from the Charrette process.

An essential component is to also be an advocate for CCA, its members and residences within the city of Rochester by continuing a positive working relationship.

*"Community is not a place, a building or an organization. It is a process where community members come together to take collective action to generate solutions to common problems."*

## 2018 Scholarship Announcement

### Attention Graduating High School Seniors!

It's that time of year again as college-bound seniors start their search for financial aid.

This year the **Charlotte Community Association** (CCA) is pleased to announce that two scholarships will be awarded to college-bound students who are residents of the Charlotte community or attend the Leadership Academy for Young Men.

The Association will award one \$2,000 award which is made possible through community fundraising and membership donations.

Another award of \$2,000 is provided by a fund created in memory of **Edward Watson**, a Charlotte resident and former Charlotte High student.

The requirements for both scholarships are the same and will be coordinated by the CCA Scholarship Committee. The college-bound senior must either reside in the Charlotte neighborhood and attend any school, public or private, OR attend the Leadership Academy for Young Men (formerly Charlotte High School).

For many years the Charlotte Community Association has offered scholarships to students who qualify based on academics, community service and extra-curricular activities. We are pleased to continue this tradition as well as help facilitate with the **Edward Watson Scholarship**.

Applications will be available for both scholarships at the Charlotte Branch Library and online at the CCA website ([charlottecca.org](http://charlottecca.org)).

Vegetables (JSY) Program began in New  
York in 1997 in order to provide nutrition education  
and obesity prevention programming to low-  
income clients of the emergency food network. The  
mission of JSY is to work with organizations that  
serve food to insecure populations to improve the  
health and nutritional status through promoting  
fruit and vegetable consumption, and empowering  
people to make healthy choices.

## Update: New York State Senate Joe Robach

### Taking Action to Protect Taxpayers

**R**ecently, my colleagues and I at the State Senate joined together to take action to protect millions of New York taxpayers from \$1.5 billion in higher taxes, preventing Albany bureaucrats from getting a huge windfall of your hard-earned tax dollars.

By modifying New York law to address recent changes in the federal tax code, our bill will prevent \$1.5 billion in higher taxes from being imposed on New Yorkers starting next year. If action is not taken, that money will go directly into state coffers, instead of to hardworking taxpayers like you.

The bill, which is part of the Senate Majority's "Affordability Agenda," will:

- ◆ Save approximately \$400 million by allowing taxpayers to deduct their full property tax payments and save approximately \$300 million by restoring other deductions;
- ◆ Save \$800 million by ensuring that more than 5 million single filers can claim their full New York State standard deduction; and
- ◆ Save \$45 million by removing the existing state prohibition on itemizing a state income tax return if a taxpayer chooses to take the new higher federal standard deduction.

This important measure, including the entire "Affordability Agenda" included in our Blueprint for a Stronger New York, will provide the working men and women of our state with the tax relief they need and deserve.

I will be sure to keep you posted on our efforts to get this important taxpayer protection legislation enacted into law.

## Update: Molly Clifford Northwest City Council Member

There has been a lot of activity (or inactivity, depending on your perspective) in the world of Rochester's sports stadiums lately. Since both Frontier Field and Capelli Sports Stadium are located in the Northwest Quadrant and employ thousands of local residents in seasonal and other positions, the issue is of particular interest to our neighbors.

Frontier Field is owned by Monroe County and leased to Rochester Community Baseball and the Red Wings. While the City Council has no oversight of the facility, certainly its future is important to all of us. The Red Wings are a successful franchise; Triple A teams are in high demand and they provide affordable family-friendly entertainment downtown to hundreds of thousands of Rochester families each year. Let's lock this down, Monroe County!

The City's soccer stadium is a more complicated animal. The good news? The stadium construction is paid

off. The bad news? It was not built with many of the enhancements that make it appealing; some design flaws make it expensive to operate. Although the neighborhood has really turned around, it has been a struggle to get visitors over the initial idea that it was rundown and dangerous, despite being a scant three blocks from Frontier Field.

Additionally, the leadership of the Rhinos has historically been far less consistent than the Red Wings' with financial and ethical challenges. **David and Wendy Dworkin**, local business people with a love of sports and a commitment to the community, have spent the last two years trying to get the stadium up to snuff, attracting events and sponsors, participating in neighborhood activities and investing their own money in the process.

Unfortunately, stadium attendance was not what they needed it to be and the Dworkins have suspended Rhinos' team play for the upcoming season; to be substituted with other soccer matches and events. This has led the City Administration to declare a contract default and a notice of eviction to save money on facility costs and enable the pursuit of a new operator.

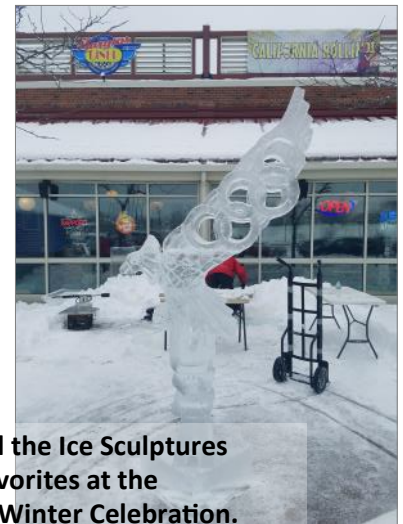

The next step will involve lawyers, which is too bad (no offense, lawyers). I would have liked to have seen the City try to come to an agreement with our local owners that recognizes the challenges of the stadium, the investments they've made and creates a joint commitment on a path forward for long-term success and sustainability of the stadium.
