### A Message of Gratitude

I would like to thank the Charlotte Community Association, Inc. (CCA) members, sponsors, partners and volunteers for making this a great year. Again, we faced many challenges this year and powered through to find solutions as a cohesive, inclusive community.

With your help, we provided two college scholarships to local senior high school students, contributed to the Charlotte Youth Athletic Association, replaced the "Historical River Street" sign and our flag ship "Welcome to Charlotte" sign on Lake Avenue and the Beautification Committee planted and maintained flower gardens in the Park. Additionally, partnered with all the northwest neighborhood associations to host the National Night Out Against Crime, supported the Edgerton Neighborhood Association with a donation of hotdogs for their neighborhood outreach, supported the Falleson Street Block Club with a donation for their block party and co-hosted a Meet the Candidates Night with Many Neighbors Building Neighborhoods (MNBN). We participated in the Rochester City Clean Sweep, staffed the Charlotte water station for the Rochester Marathon with our partners from the Leadership Academy for Young Men JROTC program and cleared up overgrown shrubs at the River/Stutson Street overlook with partners from the Webster United Church of Christ youth program.

Most importantly, the CCA Community Development Committee completed the 2018 Vision Plan. The 2017 Charrette and 2018 Vision Plan were attached to the City of Rochester's Request for Proposal (RFP) issued this fall. The CCA Community Development Committee, with the leadership of Board of Directors **Sue Roethel** and **Linda Litwak**, met by-weekly to complete the Vision Plan. This Vision Plan is a huge success for this community and will be used for years to come, relevant to the development in our community.

I would like to congratulate the following Board members on their election to the 2019 Board: **RoseMary Shaw** will continue as Secretary, **Linda Litwak** will continue as Director and **Sue Roethel** will continue as Director. I'm also honored to serve again as the President of CCA. I would also like to thank **Donna Bour-Purdy** as she concludes her tenure as Chief Communications Officer and **Mary Chambers** and **Tommy Borrelli** as they conclude their tenure as Director. The time these members of our community give back is amazing and has never gone unnoticed.

Next year, we will focus on the re-branding of the CCA and building our membership and sponsorship. We are also going to continue our community-led projects and partnerships throughout Charlotte and are looking forward to working with future developers of the parcels at the Port of Rochester ensuring that our community's voice is incorporated in any forthcoming development.

We ask that you, your neighbors and friends join the CCA to help strengthen our goals and even consider becoming a member of a committee or Board of Directors in 2019. We can accomplish great things for the CCA and our community by working together!

Thank you for your continued support!

# William A. Johnson Jr. Terminal Building at the Port of Rochester

Submitted by Jose Peo, CCA Vice President

The CCA is so incredibly proud to have taken part in the renaming of the terminal building at the Port after the former **Mayor William Johnson**. Following lengthy discussion and disagreements about the City’s decision, **Mayor Warren** took it all in full stride and was very confident that Johnson’s idea of the Fast Ferry ultimately resulted in much progress for the Port, regardless of its lack of financial success.

Johnson’s belief, and that of many others, was that without the Fast Ferry there would be no development at the Port; there would be no beautiful marina! We may not have had the opportunity of hosting and developing a charrette,

which led to a Vision Plan for Charlotte and is the driving momentum for further development and enhancement of the Charlotte area.

It comes down to the age-old adage: which comes first, the chicken or the egg (Ferry or Port Development)? Either way, one would not happen without the other.

Mayor Johnson is a true inspiration because he dared to think big, albeit maybe a tad too big! However this venture was exactly what Charlotte needed to grow and evolve; to be where we are today and, ultimately, where we will be in the next few years guided by the Vision Plan as its concepts for our community unfold into reality.

The Charlotte Community Vision 2018  
for Mixed-Use Development

### Community Desires for Parcel 1 Development

- New terraced, mixed-use buildings with residential and commercial spaces, preserved view sheds with public access, and canopy parking. Structures would be appropriate scale for the footprint and soil conditions (Lake Ave./Portside Dr./Corrigan St./N. River St.).
- Terraces, rooftop decks, balconies, over-looks, and architecture that will promote views of the waterfront.
- Low-profile building heights that follow the U.S. Coast Guard's regulations for the Arc of Visibility of the Charlotte-Genesee Lighthouse beam (Federal Regulations Concerning Private Aids to Navigation, 33 CFR 86).
- Buildings that are esthetically within the keeping of Charlotte's maritime village history and waterfront theme.
- Structures that facilitate year-round activities and pedestrian usability with access from Lake Ave. to N. River St.

Happy Holidays! Off to Washington!

**CDC Health Tip for the Holidays**

Take a few minutes to give the gift of health and safety to yourself and others this holiday season.

- Wash hands often for 20 seconds.
- Bundle up for warmth.
- Get a flu shot if you haven't gotten one already. The best way to protect against influenza is to get a flu vaccine every flu season.
- Eat a light, healthy snack before you go to parties to help curb your hunger and decrease your visits to the buffet table.
- Watch your children. Develop and enforce rules about acceptable and safe behavior for using electronic media.
- Fasten seat belts. Always use them, no matter how short the trip.
- Don't drink and drive, and don't let others drink and drive.

 Climate Change

As we learn more about climate change and the impact it's having on cities around the world, it's important that significant energy users – like local governments with their buildings, trucks and other infrastructure – do whatever they can to reduce their carbon footprint. The City of Rochester has taken great strides forward to meet our goal of reducing our greenhouse gas emissions by 40% by 2030.

We have successfully applied for two Climate Smart Communities grants through the State Department of Environmental Conservation (DEC), which have essentially provided matching grants for the City to complete a Climate Vulnerability Assessment and, now, to work on a Climate Adaptation Plan (CAP). The CAP will guide decision-making around preparing the city for future climate change impacts. There will be

and meet deadlines.

Training will be available to ensure a smooth transition. Working with the CCA Board and membership is an extremely rewarding experience. Please contact Board President **Jonathan Hardin** at [infocharlottecca@gmail.com](mailto:infocharlottecca@gmail.com) for more information.

opportunities for community input along the way, so stay tuned for more information.

The City also recently announced that it has added seven new electric vehicles to our fleet, with the assistance of grants from the State's Energy Research and Development Authority (NYSERDA). There are now electric cars being used by employees in RPD, Water and Municipal Parking Bureaus and Mt. Hope Cemetery. Furthermore, through another DEC grant, we have installed for public use an additional six electric vehicle-charging stations in several City parking lots and garages.

Finally, to help residents, developers and builders learn more about how they can rehabilitate houses to make them significantly more energy efficient, the Greater Rochester Housing Partnership will rehab a property in NE Rochester to make it a "model sustainable home." The home will meet the Energy Star 3.1 rating (near net-zero energy) with a 4.5 watt solar PV system, heat pump systems, energy efficient windows, R-70 blown-in attic insulation and enhanced exterior and basement insulation. The rehab, at 188 Jerold St., is slated to be completed by September 2019.

To learn more about these important climate change efforts, visit the website at <http://www.cityofrochester.gov/energyandsustainability/>.

## Renew Your CCA Membership for 2019!!

The CCA Board would like to thank you for your support during 2018 and hope that you will renew for 2019! Just as important, your participation in events and committees is critical and we hope you take the opportunity to sign up as a volunteer during 2019.

Please consider moving into a Patron, Sustaining or Benefactor level this year. And remember that CCA is now a 501(c) (3) organization and you will be able to deduct your contribution on your taxes.
