## VOLUNTEER OPPORTUNITES WITH CCA

The CCA has several committees with volunteers who work together to develop and implement programs to achieve the CCA Mission. A board liaison is appointed for each committee to work closely with the chairperson appointed from the community. Each committee is charged with a plan of work designed to help move the organization toward its

goals. These committees are a dynamic vehicle by which members can actively participate in shaping our neighborhood for the future. Read on to find out what each committee is doing and how you can get involved. Volunteer today at [ccanewsny@gmail.com](mailto:ccanewsny@gmail.com) or 585-865-6101 or by contacting one of the CCA Board members.

Charlotte, is one of 34 Neighborhoods in the City of Rochester.

Highlights of our many of our interests and charms are noted.

This is what they say about CCA:

“In 1962, the Charlotte Community Association was created. Today the Community Association boasts several hundred paying members, ranking it among the largest and oldest associations in the city. Over the years, these committed neighbors have tackled issues from traffic and noise, to halting industrial development and dedicating Turning Point Park as a wilderness preserve. Monthly CCA meetings are open to the public and their website is actively maintained.”

### 2021 Scholarship Announcement

It's that time of year again as college bound seniors start their search for financial aid.

This year the **Charlotte Community Association (CCA)** is pleased to announce that again, two scholarships will be awarded to college bound students who are residents of the Charlotte community or attend the Leadership Academy for Young Men.

The **CCA** will award one \$2,000 award which is made possible through community fundraising and membership donations.

Another award of \$2,000 is provided by a fund created in memory of **Edward Watson**, a Charlotte resident and former Charlotte High student.

The requirements for both scholarships are as follows: To qualify for the **Edward Watson Scholarship** the college bound senior must attend the Leadership Academy for Young Men (formerly Charlotte High School). To qualify for the **CCA Scholarship** the college bound senior must reside in the Charlotte neighborhood and attend any school, public or private. All applications will be reviewed by the Scholarship Committee

For many years the **Charlotte Community Association** has offered scholarships to students who qualify based on academics, community service and extra-curricular activities. We are pleased to continue this tradition as well as help facilitate with the **Edward Watson Scholarship**.

A joint application will be available for both scholarships at the Charlotte Branch Library and online at the CCA website ([charlottecca.org](http://charlottecca.org)).

## *Jose Peo - NE City Councilman*

**A**s we start the new year off, I want to first of all wish everyone nothing but blessings and strength as we look to rebuild from 2020. In order to rebuild, we must unite. Uniting does not necessarily mean agreeing on everything, but rather coming together for the common goal of making our community stronger. How do we do this?

First, we must make sure we are all aware of the services available from the City of Rochester: from small business grants, to rental assistance, to mental health. These things help keep businesses running, a roof over our families' heads, and our loves ones out of harm's way. These services are best found by dialing **311** or **211**, and here is the breakdown of when to call which:

### **Call 311 for city-wide concerns**, such as:

- ◆ City programs and grants for homeowners
- ◆ Garbage and recycling questions
- ◆ Roadway and signage feedback
- ◆ Neighborhood nuisance and blight concerns

### **Call 211 for personal concerns**, such as:

- ◆ City programs and grants for tenants and landlords
- ◆ Social services for children and parents
- ◆ Mental health concerns

Second, we cannot rely on the government to create the community we want, especially with funding surely decreasing these next few years from lack of sales, hotel and restaurant tax revenues, let alone any pending lawsuits the city may have to pay, so we should look to come together on the types of businesses and living situations that can help others thrive. Types of co-ops (and how they work), was discussed in a Zoom meeting I held back in Spring of

2020, so if you missed out, please download my app (search "Jose Peo" in your app store) to be alerted for upcoming meetings that may be of interest. Co-ops could potentially create a better environment for employee-owned businesses, as well as future land/homeowners.

Lastly, I am working with the Safety Committee to help address upcoming issues that will directly impact our standard of living, from fireworks to ATVs and dirt bikes. I am looking to put together some legislation to be more proactive about addressing these issues, and to help keep a police presence at Charlotte Beach throughout the summer months, to help prevent fights, fireworks, and racing. I have also asked our new RPD Chief that part of a specific grant to RPD be allocated towards DWI checkpoints on Lake and Dewey roadways, since I have not seen one in place in many years, and I believe that may help curb some of the unruly traffic we see leaving our community. Those proactive measures, plus a future police substation and NSC office located right on Lake and Ridge (regardless of what is happening with the Southeast Quadrant substation), should help bring some discipline and order back to our area.

I truly believe we should be looking at a safer Charlotte community in 2021, and that we can help by coming together for the common good, and being proactive about concerns we are seeing, before they become larger issues.

## Ontario Beach Park Program Committee Updates Kite Flight Hopeful

The OBPPC is anxiously anticipating a much more normal, active season at Ontario Beach Park. we develop the protocols to make sure everyone is safe. Stay tuned for more details.
