2021 CCA Board Elections

This past year, even with the restrictions of COVID, we have seen many new people join our General Meetings via zoom. It has been a delight to meet new neighbors who care so much about the community.

Some of you have expressed an interest in becoming more involved, and this may be your opportunity. The CCA Board of Directors drives the organization's plan of work and provides input to the City regarding what is important to Charlotte citizens. We work closely with City departments to advocate for the quality of life you all are seeking. There are many opportunities to volunteer: You can assist one time at an event; or serve on a committee (there are 11 of them); or chair one of those committees (working with a board liaison); or most importantly, join the board.

Every year the CCA elects one half of its board to serve two-year terms. This year we elect a Vice President, Treasurer, Communications Officer and three Directors. For more information about what is involved in serving on the board, please visit our website at www.charlottecca.org, or contact us at infocharlottecca@gmail.com. There are only two absolute requirements: 1. You

must be a member in good standing of the CCA (dues paid), and 2. you must live within the environs of the Charlotte Community. **(NOTE: Our bylaws do allow for one non-Charlotte resident, but that seat is, at this time, filled).**

If you want to just help in some way please contact us at infocharlottecca@gmail.com. We will be happy to direct you to the board liaison who can get you started.

If you would like to serve on the board, there's a simple process to be nominated. Our bylaws require that we receive a letter of intent and resume (or summary of your relevant skills and experience) to infocharlottecca@gmail.com by the September CCA meeting; this year it's **September 13, 2021.**

Without engaged members and volunteers we can't sustain

This is your chance to make a difference!

Please consider taking a step forward with what you can offer in time and talent. We look forward to working with you!

What is a Community Association? Google states, *A community association is not a governing body. Rather, it is a membership group of people that serves a specific purpose with respect to a specific community or a group of homeowners in a specific geographic area. The CCA's "Plan's of Work" are the focused areas and ideally, are reviewed each year to gauge involvement and progress. Board members are tasked with alignment of an area of interest and recruit like-minded individuals to come to the table and complete tasks to achieve the mission. To be "at the table" is to agree that different organizations both support and demonstrate the process. The right partners, which do not have to be members of the CCA, have to be willing and actively involved.*

New Ad Hoc Committee Seeks Community Volunteers for Bylaws Review

The CCA Board of Directors has approved establishing a new ad hoc committee to review and update the bylaws in order to align them with current needs. The CCA Bylaws were last reviewed and approved by the membership in 2016.

This ad hoc committee requires community participation and will include board members as well as volunteers from the community. The work will include reviewing the current language in the bylaws and drafting new language that will be presented to the membership for approval to adopt. *If you have experience with bylaws or non-profit organizations, we need you for this committee!* Even if you don't have those experiences but want to help improve the CCA as an organization, we need you too!

Please send your interest to infocharlottecca@gmail.com.

What is the Process for Amending Bylaws and Why it's Done?

Nonprofit organizations review their Bylaws to assure legal compliance of internal governance practices and make sure the information for IRS Form 990 is accurate. Reflecting legal, ethical and responsible fundraising, effective governance and serve as the framework to help prevent or resolve conflicts as well as set expectations for procedures and workflows.

Nonprofit bylaws raise the level of accountability, transparency, and effectiveness of all nonprofit organizations to foster excellence in their services and

inspire trust. The Board structure (size, standing committees, etc.) can have an outline that speaks to attendance at meetings, engagement, indemnification, compensation agreements to protect and defend them from loss or harm resulting from risk. A conflict of interest policy as well as a charter outlines the processes by which the rules are decided and enforced that establishes the structure of the nonprofit. Learn more at <https://www.nolo.com/legal-encyclopedia/how-to-amend-nonprofit-bylaws.html>

Develop Alliances Through CCA Connections!

Neighborhood Service Centers (NSCs) are based on the notion that the best way of responding to neighborhood issues is by teaming residents with City staff to devise and achieve effective solutions. (<https://www.cityofrochester.gov/article.aspx?id=8589939519>)

Often times we are unaware of the recourses available to us in Charlotte. We are part of the Northwest NSC; along with Barker St, JOSANA, Dutchtown, Lyell-Otis, Maplewood, Edgertown-Dewey-Driving Park, and Little Italy Neighborhoods.

They also are inviting us to their **OPEN HOUSE, September 10, from 1-4pm** at their new site: **400 Dewey Ave.** You can drop by, enjoy a refreshment, meet the staff and learn of their many offerings from Emergency Rent Assistance to Quality of Life issues.

Another important mention is the **Monroe County CLEAR Initiative** (CLEAR = Coastal Lakeshore Economy & Resiliency) The New York State CLEAR initiative was created to support localities dealing with dynamic lake-level fluctuations along the Lake Ontario shoreline. A resiliency plan for lakeshore communities within Monroe County is being prepared and the project team is looking for your feedback!

Joseph D. Morelle - U.S. Representative for New York

I've always fought to support the needs of working families, which is why I was so proud to help enact the expansion of the Child Tax Credit in the American Rescue Plan. Before our legislation, the neediest families were too often left behind. Now, more children and families qualify for assistance. This historic investment will have a profound impact on our community, helping to uplift our families and reduce poverty.

86.3% of children in our district will gain from this expanded Child Tax Credit which is projected to lift 8,200 out of poverty locally -2,800 of them out of deep poverty. Now, with the expanded benefit for the youngest children and the ability to receive these payments monthly,

families will have more support and stability when they need it most. This Child Tax Credit can be used to pay for necessities, like daycare services, groceries, or putting gas in the car—so parents don't have to worry during an already challenging time. Our families deserve nothing less.

If you have any questions about the Child Tax Credit or any of our work in Congress, please do not hesitate to reach out to my office.

All the best,
Congressman Joe Morelle

Increasing Small Business Growth

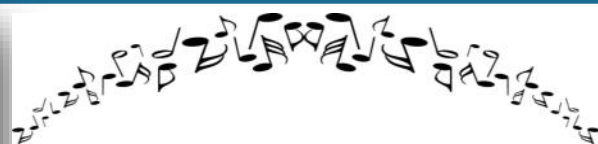

The City of Rochester recently released a report about small business growth in the city, and we are crushing it in the Northwest Rochester. From June 2020 to June 2021, businesses in the Northwest district have received approximately \$1.5 MILLION in funding to help start their businesses, invest in equipment, and hire employees. Compare that to the estimated new business funding in the Northeast district (\$597,000) and the Southwest district (\$758,500), and you can see small businesses in the

Northwest district are growing at a pace double to triple that of other districts. I'm fully committed to assisting in any way I can, and confident that we are moving in the right direction. Our small businesses are re-emerging after the pandemic restrictions were lifting. As a small business owner, I know the daily struggles of payroll, staffing and overhead cost most all small business owners face. If you should need assistance or have questions about grants that might be available to small business owners in Northwest Rochester, please do not hesitate to reach out to me at 585-690-2984. Together we are increasing small businesses in the Northwest District and increasing job opportunities for our neighbors!

Working together, the "All In" fundraiser for the **ALL In Brass Band** on August 22nd at **75 Stutson St.** was a great success!

The All In Brass Band and other many musicians, the CCA and **75 Stutson St.** filled the neighborhood with music, raffle items and great performances!

CYAA (2021 season review)

Submitted by Brian Labigan

Well, baseball fans, the Charlotte Youth Athletic Association (CYAA) 2021 season (its 68th) is in the books. I'm happy to report that 115 boys and girls (ages 4-12) and their families were able to have a fun filled baseball season. We had to cancel our 2020 Spring season and thankfully were able to have a very small (35 boys and girls), 1st ever Fall season because of Covid 19.

For our 2021 Spring season this all changed, because of COVID restrictions. We were forced to modify our registrations and do them all via a Facebook portal. Needless to say, continued worry by some parents and being unable to advertise properly affected our overall numbers. But, we persevered.

In early May, the players started reporting to our baseball fields at Ontario Beach Park. There was a 2 week player evaluation period for each age group that was used to determine player's skills, for the purpose of dividing them in to evenly matched teams. Once teams were selected then uniforms were handed out. This included a hat, jersey and baseball socks (parents supplied baseball pants). Our different age groups played regularly scheduled games Monday-Saturday (twice a week) from mid May to the late July.

In addition to playing games, the players were able to participate in a Skills Challenge Day, on the 3rd Saturday in June. Each age group tested their hitting, throwing and running skills.

Each child received a participation medal and the top 3 finishers in each skill got a 1st 2nd or 3rd place medal.

A free hot dog, chips and drink for players and families were provided by CYAA.

The CYAA also partnered with **SEABREEZE AMUSEMENT PARK** to sell reduced price tickets to the park on July 11th for players and Families. A generous donation by Wegmans helped us feed a picnic lunch to everyone.

Each age group culminated their regular season and playoffs and with a Trophy night. All players received a trophy. In addition we plan on trying to hold another small Fall season.

Many thanks go out to our network of dedicated parents, volunteers and team sponsors and benefactors, both public and private. Your donation of time, effort, monetary, and in-kind support to the children is indeed commendable. The overall viability of the CYAA depends on these partnerships.

Our concession/bathroom/storage building continues to be a big hit, as it provides much needed storage capacity, clean bathrooms, and a low cost meal and snack alternative for families. We were pleased to add home-run fences in 2020, and other site upgrades are in our future plans.

As always we remained committed to giving our children and families, a safe, fun, family oriented baseball league, where friendship and teambuilding is stressed over wins and losses.

If are interested in making a donation, our address is: **CYAA PO Box 12524 Rochester, NY 14612** We are a Federal and NYS recognized 501c3 and all donations are tax deductible. Please visit us on **Facebook** or our website www.cyaa-baseball.com.

A History of Seneca Park Zoo presented by Maureen Whalen

In April 2020, **Maureen Whalen** published the first and only comprehensive history of Seneca Park Zoo. Her book, *A History of*

Seneca Park Zoo, traces the Zoo's history from 1894 through 2013. In this program she'll track the many changes at the Zoo from its years as a menagerie collection emphasizing the entertainment value of animals to its current role as a leader in species conservation and habitat preservation. "Today," she likes to say, paraphrasing a vintage Oldsmobile commercial, "this is not your father's zoo." She'll also talk about some of the animals who have been favorites of zoo-goers over its twelve and a half decades. Whalen, who has been a docent at the Seneca Park Zoo since 2006, spent eight years searching through old newspaper accounts and annual reports, conducting interviews, and writing the history. She will bring copies of the book to the program.

First Thursday Local History on October 7, at 2 pm In person program or via Zoom.*

North Coast Ghosts: Local Lakeside Haunts presented by Maureen Whalen

Is it because they border the lake that there is so much psychic energy in the northern parts of the county? As Halloween draws near, join us as **Maureen Whalen** chronicles stories of ghosts haunting areas of Greece, Charlotte, Irondequoit, and Parma. Included will be Our Mother of Sorrows Church, Holy Sepulchre Cemetery, Durand-Eastman

Park, and the Charlotte Lighthouse.

About our presenter:

Maureen Whalen was a librarian with the Rochester Public Library for more than thirty years and the manager of the Charlotte Branch Library when she retired in 2007. Since her retirement she has pursued her interest in local history research. Along with **Marie Poinan**, she instituted the First Thursday History series here at Charlotte Library. She has been a volunteer at the Greece Historical Society since 2011 and curated their exhibits on the War of 1812, World War II, the Underground Railroad, Woman's Suffrage, and Prohibition. She also conducts walking tours of Holy Sepulchre Cemetery. In 2011 she co-wrote a history of the Rochester Public Library. She has been a docent at the Seneca Park Zoo since 2006 and is their historian as well. In April 2020, she published her book *A History of Seneca Park Zoo*.
