Volunteer Spotlight ~ Sue Roethel

Sue Roethel has given an enormous amount of energy to this organization. She joined the board approximately 8 years ago as a director. At that time, she became Liaison to the Development Committee. Sue was instrumental in planning and carrying off the **Charette** which allowed the community at large to have input into how this neighborhood's resources should be used to its advantage.

tirelessly to keep this organization on track, while still maintaining her work with the Development Committee. She has been highly involved in every event and fundraiser, from cooking hot dogs to gathering items for the silent auction, while still taking on the contact and communication with City and County that the presidency requires.

Ever since, she has continued to work with City planners and outside providers to present a concise vision of what the residents seek to have this neighborhood look like. With a grant currently under review we believe that the final version of the Vision Plan will be completed and published with the next few months.

Along with this work, Sue also accepted responsibility as Secretary, which was an open position. She fulfilled that responsibility until someone was appointed to take it over. Still serving as a director, she was appointed President about three years ago upon the resignation of another and elected two years ago. She has continued to work

In July Sue found it necessary to resign her position as president. She will continue as a director until the end of her term at least. She is helping our new president with the transition, and yet again has volunteered to shift some responsibilities to allow for others to accept new ones.

Although Sue has indicated she will not seek re-election to the board, she has said that she will continue to volunteer wherever needed. In fact, she recently mentioned that she originally got involved to help the Beautification Committee, but never was able to do that.

Thank you, Sue!

(Scholarships continued from page 1)

The criteria used to determine the recipients of The CCA Scholarship and the Edward Watson Memorial Scholarship is as follows:

- ◆ For the CCA Scholarship the college bound senior must reside in Charlotte, but can attend any area high school. Both are based on academics, extracurricular
- ◆ For the Edward Watson Scholarship the college bound senior must attend The Leadership Academy for Young Men (formerly Charlotte High).

We Congratulate Alex and William

and thank them for taking the time to submit an application.

*There is a lot to be proud of in Charlotte,

The 90th Annual DePalma Reunion

Submitted by Peg Paradise

On August 13th, the 90th Annual DePalma Reunion was held at Camp Eastman. A beautiful day for such a memorable event.

The original parents were Americo and Camilla DePalma. They immigrated from Italy in the 1890's and all four of their

children were born in NY. They are Michael, James, Mary DePalma Paradise and Beatrice DePalma Maggilini. They added 11 children to the next generation! Sadly, all have passed on except, Raymond DePalma. He is the son of Michael, whose family owned DePalma's Restaurant (now **WindJammers**).

Unfortunately none of the relatives from out of town were able to attend, but many local relatives were there. A wonderful time was had and many memories and pictures were shared.

Families are important these days and the future of Reunions need to continue to keep families together.

Joseph D. Morelle -
U.S. Representative for New York

The high costs of prescription drugs has placed an undue burden on families in our community, particularly older Americans who often rely on a fixed income.

In August, Congress passed the *Inflation Reduction Act*, legislation that will cut costs and help ease the burden on families. The legislation makes investments in everything from the climate crisis to reducing the deficit, but one of the most important pieces is its action to finally lower the cost of prescription medication for those on Medicare. It marks the largest investment in healthcare since the passage of the *Affordable Care Act* over a decade ago, and it is long overdue.

This legislation will lower costs for seniors by allowing Medicare to negotiate drug costs, lowering the cost of insulin to no more than \$35/month for Medicare recipients, and establishing an annual cap on out-of-pocket costs for medication. On average, older Americans are taking at least four different prescription drugs at the

same time, and some of these medications—while necessary and life-saving—can be extremely expensive. Many are forced to ration or skip doses just to make ends meet. The changes we're making will be transformative for these families, saving them thousands of dollars a year.

Lowering the cost of prescription drugs has long been one of my top priorities, and the provisions in the Inflation Reduction Act serve as an extraordinary step forward to easing the burden on older Americans and their families. However, there is still more work to be done. I promise to keep fighting to ensure quality healthcare is accessible and affordable for all Americans.

If you have any questions about how I'm fighting to lower costs for families, or any of my work in Congress, please do not hesitate to contact my office.

Jose Peo - NW City Councilman

For many years, I have advocated for people in our community with mobility challenges, such as my brother-in-law. This office has been working closely with City Council and our Monroe County partners to bring much needed funding to our parks and public spaces. Finally, on August 12, 2022 the installation of a 305-foot access mat completed. Now people with mobility issues now have access to our beach front. It can also handle wheelchairs, walkers, strollers, and wagons.

The Rochester City Council has voted to confirm **David Smith** as the new **Chief of Police**. This will be the first time in two years the department will be led by a permanent chief. Chief Smith first joined the Rochester Police Department in 1992 and served as Deputy Chief of operations as part of the Herriott-Sullivan command staff. I have the upmost confidence he is the right person to led RPD at this time and he needs all our support.

Each month your councilman attends neighborhood association meetings. We also attend the NW Lake Section PCIC meetings.

What is the PCIC? PCIC is the Police Citizens Interactive Committee, and it meets monthly via Zoom. **Lt. Waldo** leads the NW Lake Section PCIC meetings, and the 30-minute discussion is around the crime in NW Rochester. It is a great way to learn about crime patterns in our city and learn about the tools at your disposal with regards to combating crime in our communities.

If you would like to join the NW Lake Section PCIC meeting, please contact my assistant Jonathan Hardin at 585-474-6234 or mrjhardin@yahoo.com or Lt. Waldo at Richard.waldojr@cityofrochester.gov.

Swing Bridges of Charlotte

Two swing bridges were built in Charlotte in exactly the same location. The first bridge (1874-1905) opened in 1874 and was started by the Lake Ontario Shore Railroad and completed by the Rome, Watertown and Ogdensburg Railroad. The second swing bridge (1905-2012) was a replacement bridge built by the RW&O when locomotives became heavier.

Marie Poinan will take you through the building of both bridges and the impact that these railroad bridges had on the farmers of northern Monroe County. Many of the photos are from the Lighthouse collection and from the 2012 book edited by Richard Margolis to which she contributed, a book written in an attempt to save the bridge from destruction.
