## New 2023 Port of Rochester and Charlotte Vision Plan Unveiled

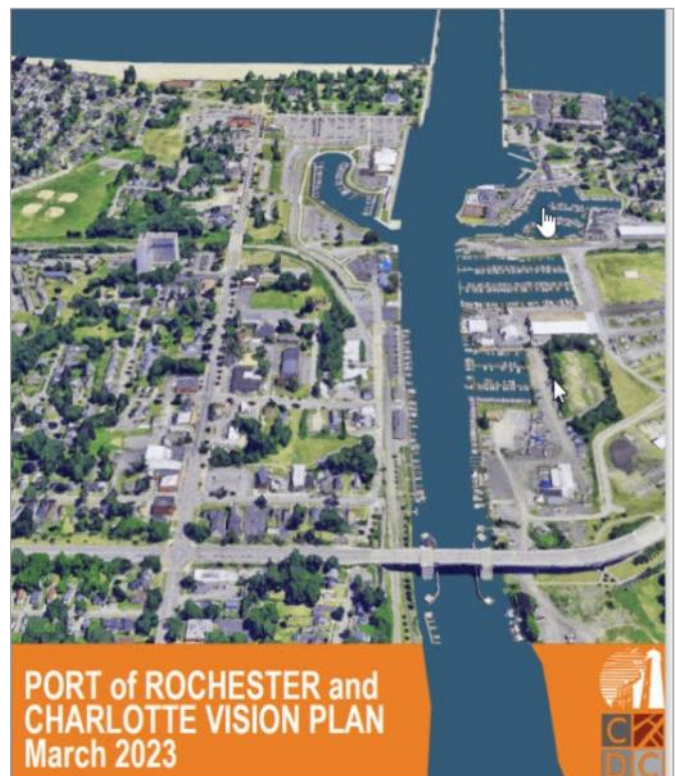

Submitted by Sue Roethel

We are proud to announce that the new Port of Rochester and Charlotte Vision Plan, created in partnership with the Community Design Center of Rochester (CDCR), is now published on the CCA's website at <https://charlottecca.org/community-development/port-development/>. It is a comprehensive, 54-page deep dive into the background history and creative ideas that can truly transform Charlotte. This Vision Plan was made possible by a grant awarded to the CCA by **NYS Senator Jeremy Cooney**.

Members of the Charlotte Development Collaborative (CDC) group have been working diligently for five plus years to create a formal Vision Plan for the Port of Rochester and surrounding areas, including the physical areas of Ontario Beach Park, North River Street, and the Lake Avenue business corridor, as well as tackling the general issues of transportation, year-round activity, and under-utilized spaces. We have been working closely with the CDCR since 2017 on a community design charrette and new vision plan for Charlotte. The design

charrette was held in November 2017, and the CDC has been meeting monthly since then to develop a collective community vision from the ideas brought forth in the charrette.

This new Vision Plan is expected to grow and change over time, but it also should become an important guide for development in Charlotte over the next 25 years. *It will be a topic for discussion on the agenda of the next few CCA General Meetings on May 1<sup>st</sup> and June 5<sup>th</sup>. Please plan to attend those meetings and provide your feedback!*

## Meetings with Developers on Community’s Vision for the Port of Rochester

The Charlotte Development Collaborative (CDC) group hosted two meetings with potential developers interested in the Port of Rochester. The purpose of the meetings was to discuss with them the community’s collective vision for development of the Marina Overlook Site at 4752 Lake Avenue (formerly known as Parcel 1). While there is currently no open RFP (Request for Proposal) for development of the site, the city has encouraged interested developers to meet with the Charlotte community first to learn about what it is that we want for the area.

The first meeting was held with Adirondack Community Development (ADK) on March 19<sup>th</sup> at Tropix and was a follow-up to a prior meeting held with them in October 2022. The meeting was productive, and ADK has expressed their continued interest in working with us to develop something great at the Marina Overlook Site.

The second meeting, held on March 30<sup>th</sup> at Arbor at the Port, was an open invitation for any developers interested in the Marina Overlook Site. About 200 developers were invited by the City to attend, and we were able to show seven of them what we, the

Charlotte community, envision for the area. We shared with them a slide presentation that included the new Port of Rochester and Charlotte Vision Plan, which has just been completed and published (see related article on Front Page). It shows developers what the community wants for the Port *and* the surrounding areas.

The next steps for the CDC are to provide feedback to the City planners before they issue the next RFP for the Marina Overlook Site. In the meantime, the CDC looks forward to engaging the community as much as possible in the development process for this prime real estate at the Port of Rochester.

The CDC is made up of members of the Charlotte Community Association (CCA), Charlotte Business Association (CBA), Charlotte-Genesee Lighthouse Historical Society (CGLHS), Charlotte Community Development Corporation (CCDC), Ontario Beach Park Program Committee (OBPPC), Charlotte Youth Athletic Association (CYAA), Charlotte Village Historical Society (CVHS), and several community members at large. The CDC meets monthly and is open to anyone wishing to commit time and effort toward the betterment of Charlotte in an ongoing basis.

## Kite Flight Returns to the Shores of Lake Ontario

A spring-time favorite in Charlotte, the **Annual Kite Flight**, returns to Ontario Beach Park on **Sunday, May 7**, from Noon until 4 pm

Presented by the **Ontario Beach Park Program Committee, the Charlotte Neighborhood Association, the City of Rochester and Monroe County and sponsored by Wegmans**, will again feature demos by expert kite flyers, strolling jugglers and other street performers, kite making and craft workshops and kids activities hosted by the City’s award winning, “Rec on the Move staff”. Refreshments will be available prepared by the expert chefs from the Charlotte Neighborhood Association as a fundraiser for this the oldest of City neighborhood associations.

**Mayor Malik Evans** stated, “We are delighted that the Program Committee is again presenting this community Spring tradition. The kite flight not only kicks the festival season off in our community, but also should lift our spirits and provide an outlet for families to get out and recreate

in our region’s bountiful parks and greenspaces.”

For more information to [www.Ontariobeachentertainment.org](http://www.Ontariobeachentertainment.org) or contact the committee at 585-865-3320.

### NOTICE TO OUR RESIDENTS AND BUSINESSES:

On May 19, 2023, SPX FLOW will be having fireworks launched from the Charlotte Port West Pier, 1 Beach Ave, Rochester, NY 14612. The show will begin at 10:30 and last for 10 -12 minutes. If you have any questions, feel free to contact me on my mobile number, 585-520-3716.

These are sponsored by a private concern not the city. Just to let you know so that you and your pets can be prepared.

## Solar Eclipse 2024

**Y**ou probably are already aware, a solar eclipse will be happening in April 2024 and our own region will see the best viewing. Plans are already underway to provide everything that can be offered to the large numbers of people who will come into the area to watch. There is a group working to consolidate all this effort led by RMSC and Visit Rochester. The CCA has a person who has volunteered to be part of the committee. We know that the best view will be from the beach.

From **Mayor Evans** Facebook page: "Mayor Evans joined Rochester Museum & Science Center, and Visit Rochester to talk about the once-in-a-lifetime astronomical event, and the various opportunities the 2024 solar eclipse presents for our region.

To learn more about the solar eclipse, how you can get involved or just watch the countdown. Visit <https://rochestereclipse2024.org/>"

### CCA Takes Part in Kite Flight & Harborfest

**A**t Kite Fight on **May 7**, CCA will be selling those delicious Hot Dogs on tasty Buns, Beverages and Chips Fundraiser. The money collected will go toward the Charlotte Community Association.

And **Yes**, the **CCA** will be at Harborfest. We want to speak with anyone who is interested in the progress of this community. We will also have some light refreshments as well as lots of beach accessories for sale. Want a new pair of flip flops, the sand pail or toy you forgot? We got it.

**Please come visit us!**

### CCA Plans Events for 2023

The board agreed that CCA would take part in the following community events in 2023. In some cases, we are participants and in others we spearhead the event.

Event	Date
Kite Flight	May 7
Harbor Fest	June 23, 24, 25
National Night Out Against Crime	August 1?? (TBD)
NWSC / Charlotte Neighborhood Outreach	September 13 or 14?(TBD)
ROC the Riverway	October 7, 8?? (TBD)
Holiday Tree Lighting	December 1

We are also planning our own major fundraiser in the Fall. Watch for more details on that soon.

We hope that you will all attend as many as possible to support all the organizations involved. Of course, **we always need volunteers to help with these events**. If you would like to help with the planning or actually at any event itself, please contact us at [infocharlottecca@gmail.com](mailto:infocharlottecca@gmail.com).

We would welcome your involvement.

**Thank you all!**

In Congress, I have the honor of serving on the House Committee on Appropriations—the committee responsible for authoring spending bills and allocating resources to ensure local programs and organizations have the support they need to operate efficiently. In this role, I am a member of two important subcommittees: the subcommittee on Commerce, Justice, and Science and the subcommittee on Energy and Water Development. These roles provide me with a unique opportunity to advocate for investments that have a direct impact on families here in Rochester.

Since the beginning of the year, my team and I have met with hundreds of organizations, advocates, and stakeholders from across our community to better understand their needs and concerns. Now, I’m working with my colleagues on the Appropriations Committee to advocate for funding for several initiatives important to our community including:

- ◆ The Regional Technology and Innovation program, which will help further cement Rochester’s place as a leader in high-tech innovation. This builds on the outstanding work already being done by local businesses and academic institutions to grow our workforce, strengthen our regional economy, and enhance our global competitiveness with China.

- ◆ The Great Lakes Authority, which will help support shoreline communities like ours. Over the past few years, we’ve seen the devastating effects of local flooding, which is why it’s critical that we take steps to enhance our resiliency while protecting one of our most valuable natural resources;
- ◆ The Community Oriented Policing Services Hiring Program, which helps to ensure local law enforcement has the tools and resources necessary to do their jobs effectively. Together, we are working to strengthen community policing efforts that build neighborhood bonds and make our communities safer.

This is just a small sample of some of the programs I’m working to support, and I look forward to continuing the Appropriations process and delivering meaningful investments that have positive impacts across our community.

If you have any questions about the Appropriations process or my work in Congress to advocate on behalf of you and your family, please do not hesitate to visit my website at [morelle.house.gov](http://morelle.house.gov) or contact my office to learn more.

As we approach the end of the 2023 Legislative Session I am focused on delivering for my hometown of Rochester. Whether it is safer streets, supporting small businesses, or preparing for next year’s eclipse, I am proud to stand up for Rochester here in the district or in the halls of Albany.

**Public Safety:** Rochester families deserve safe neighborhoods. Whether you are putting your kids on the bus in the morning, opening up your shop, or simply walking in the evening, everyone deserves to feel safe. I have remained supportive of tweaks to the current bail laws to clarify and better empower judges to hold violent offenders and those committing property crimes accountable. During this legislative session I am also fighting for historic investments that reduce crime, including funding anti-gun violence programs, pretrial services funding and support for re-entry programs.

**Small Business:** Whether you are a restaurant along the beach, or one of the other beloved local businesses here in Charlotte, we want to support you. As Chair of the Procurement & Contracts Committee I am working on securing more state contracts

for state businesses, support for MWBE’s, and ensuring transparency.

**Eclipse Countdown:** I was thrilled to join colleagues in the public and private sector to celebrate the one-year countdown to the Total Solar Eclipse. We are all looking forward to the potentially hundreds of thousands of visitors who will visit our region on **April, 8th 2024**.

Whether they’re viewing on Parcel 5 or the beautiful Ontario Beach Park, I know our region will not disappoint!

## Charlotte Village Historical Society

A few months ago, the newest organization in Charlotte attended a general meeting to introduce themselves.

President, **Dorothea de Zafra Atwell**, explained that the focus of this group will be to contribute to community-building by engaging residents, visitors, students, and businesspeople in making history as well as preserving it, linking Charlotte’s past to the future in unmet ways, while collaborating with existing organizations and government entities to leverage efforts.

CVHS’s first activity, while still awaiting non-profit designation, was to assist the curator of Charlotte High School’s alumni-created archive in packing and moving all memorabilia, and archives into secure storage. CVHS is looking for affordable office space for its operations which can also accommodate the archive so that the curator can make it

accessible once again. Anticipated future exhibits and newsletter features developed from archived information will inform the community about notable

elements of Charlotte High’s art, architecture, history, and influence.

The founding Board members of CVHS are in the process of visiting organizations in Charlotte, including the College Preparatory High School, to introduce the Society and explore collaborative possibilities.

You are invited to get acquainted with the Charlotte Village Historical Society by visiting its table at Harborfest. Here you will find Board members eager to chat, old-time (nostalgia-inducing!) candy for sale, and applications to become charter members. The Board is also looking to expand its leadership team. There are many possibilities to be of assistance. For information or to volunteer, call 585-470-3701 or email [CharlotteVillageHS@outlook.com](mailto:CharlotteVillageHS@outlook.com).

### Harborfest Vendors Sought

**T**he Ontario Beach Park Program Committee has openings for art, crafts and general merchandise vendors for the **2023 Harborfest, which will be held June 23-25, 2023 in Ontario Beach Park.** The popular event, which is supported by the **City of Rochester and Monroe County and sponsored by Wegmans,** returns after a successful relaunching last year. This year’s event celebrates the opening of the summer season at the Beach and Port area.

The event will feature entertainment all three days, professional sand sculpting demonstrations and an amateur contest, a gigantic car show and display of antique fire equipment, a boat parade of lights, a volleyball tournament, 5

and 10k runs, a children’s area, food vendors and much more. Including tours of the historic lighthouse and free rides on the 116-year-old Denzel Carousel. Past events have drawn 1000’s to the Beach and Port area. Area businesses will also feature food and beverage specials all weekend.

A limited number of sales spots are available Friday, Saturday and Sunday for vendors of arts, crafts and other new merchandise. There are also opportunities for commercial vendors for promotion or sale of services, for \$300 for the two-day event and other sponsorships or the event.

For applications and details, interested vendors should contact: **jaime Henderson at [jme.lyn.g@hotmail.com](mailto:jme.lyn.g@hotmail.com)**

**or call 585-865-3320.**

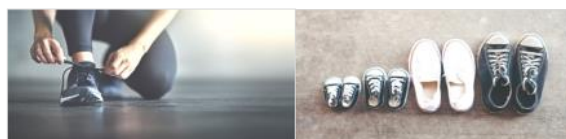

### Harborfest 5K & 10K is Coming Saturday, June 24<sup>th</sup>

#### Ontario Beach Park as Part of the Harborfest Festival

**T**he 5K begins at 7:45AM and the 10K begins at 9AM. Both events traverse along the Genesee River Trail towards Turning Point Park. Both start on the path by the pier, and finish along the beachside boardwalk amongst the trees in the park itself. The course is a gorgeous presentation of the waterways of Rochester.

### Celebrating Ten Years at the Charlotte Library

*by Marie Poinan*

**2**023 marks the 10<sup>th</sup> anniversary of the “First Thursday History Programs” at the Charlotte branch Library. The series was started back in 2013 by **Maureen Whalen** and **Marie Poinan** who envisioned having talks by local speakers/authors that highlighted our local area. The first three presentations of 2013 included the history of the blast furnace, schools of Charlotte and the Village Cemetery. Many thanks to **Dennis Williams** for hosting our monthly gatherings.

Presentations run from September to June at 2pm in the basement meeting room and is also available on Zoom for those who cannot attend in person. The final two programs for this session are about early aviation and the history of the Monroe County airport. The series will resume on the first Thursday in September. We hope to see you soon at the Charlotte Library!
