**Communications Director:** Responsible for all internal and external communication for the organization. This will include Website, Facebook, special contacts through Mail Chimp, or another provider and Media with the help of the President, who is our spokesman.

**Three directors:** Directors are expected to bring full balance to the board, bringing each of their own ideas and experience to the continued endeavor.

**Every board member** including officers is also expected to choose at least one committee to liaison to. We hope this choice will be something of personal interest.

Best Regards,

Board of Directors

As you probably already know there will be a full solar eclipse on April 8, 2024. Our region will see the best viewing point for this event. In April your community leaders attended a meeting led by Dan Schniederman from the Rochester Museum and Science Center. That organization is leading the community effort to bring all events as well as tourism together to make this a great event for everyone.

Dan gave a presentation to stakeholders in the Charlotte Community. He was clear

that we expect an influx of thousands of people into the region to witness this eclipse. There will be many scheduled events and he suggested some that might work for the Charlotte neighborhood and businesses.

“...we expect an influx of thousands of people into the region to witness this eclipse”

was a memory of a lifetime for those who experienced the total solar eclipse.

On April 8, 2024, Rochester, NY, will be in the path of totality and will experience about 3 minutes and 38 seconds of totality. In fact, the 2024 eclipse, starting in Mexico and traveling northeast, will hit Rochester but miss all other major East Coast cities, including Boston, New York, Philadelphia, and Washington, DC. As the closest city to the path of totality with a major science center, Rochester will be in the international spotlight. We expect hundreds of thousands of out-of-town visitors to flock to our area in the 5-7 days preceding the eclipse, and we plan to make the most of it.

The total solar eclipse of 2024 will be one of the largest events that Western New York and the

One of my primarily responsibilities as the Ranking Member of the Committee on House Administration is to safeguard access to the ballot box and protect every American’s right to vote. This is not a responsibility I take lightly—and it is an honor to continue our community’s tradition of standing up against attempts to restrict voting rights.

Rochester was home to Frederick Douglass and Susan B. Anthony—two of the most iconic and well-known advocates for voting rights—and their tireless efforts led to the creation of many of the civil rights and voting protections we enjoy today. Sadly, there are those in Washington who seek to undo these hard-fought protections and make it more difficult for millions of Americans to exercise their sacred right to vote.

Earlier this year, House Republicans introduced the *American Confidence in Elections Act*—legislation they claim will protect the security and integrity of our elections. In reality, this legislation bans same-day voter registration, eliminates universal mail-in voting, institutes stricter voter ID laws for both mail and in-person voting, and reduces the number of public drop boxes for mail-in

ballots.

In response, I stood with Democratic leadership from both the House of Representatives and the Senate to introduce the *Freedom to Vote Act*. Our legislation would help strengthen the bedrock of our democracy and ensure every American has an equal say in the decisions that govern their lives.

I’m proud to help lead this effort in Congress as the Ranking Member of the Committee on House Administration and a proud son of Rochester, and I’m grateful for the many local advocates, organizations, and partners who are standing with me. Make no mistake: we will remain relentless in our defense of

Public Safety and the funding of infrastructure projects have and will continue to be at the top of my list. On July 16th, Rochester Police Department, Monroe County Sheriff’s Office, and the New York State Police released a press release that 22 ATVs and dirt bikes were taken off the streets and towed to the RPD’s Auto Impound lot and this is a direct result of the legislation that pushed through City County regards these illegal ATV’s and dirt bikes. Additionally, more than 70 traffic citations were issued, four people were charged with misdemeanors, and a 17-year-old male was found to be illegally possessing a loaded handgun. Thank you to all involved that help protect our communities.

Continued construction in Charlotte: The sidewalk replacement and resurfacing of the road from Burley Road to Beach Avenue will continue until completed this construction season. The New Spray Park in Ontario Beach Park should also be completed by the end of construction season this year. We are also awaiting the result of the survey conducted by Monroe County Park Department regarding the old concession stand in Ontario Beach Park and look forward to those results being shared with the public as soon as available.

As we get ready for school to start, let’s all try to drive a little safer and be cautious of children and pedestrians crossing the streets. If you should have any questions and concerns, please do not hesitate to reach out to my office at 585-474-6234. I wish everyone a safe return to school!

# CYAA (2023 season review)

Submitted by Brian Labigan

**B**aseball fans, the Charlotte Youth Athletic Association (CYAA) 2023 season (its 70th) is in the books. I'm happy to report that 90 boys and girls (ages 4-15) and their families were able to have a fun filled baseball season. Our numbers are still down possibly due to the after effects of Covid 19.

We sent out postcards to previous year players and delivered flyers to area schools announcing our upcoming season for new players in April. Parents used the registration portal on the **CYAA Facebook** page to enroll their child. In May, the players started reporting to our baseball fields at Ontario Beach Park. Two weeks were used for player evaluation for each age group to determine player's skills and allow for evenly matched teams. Uniforms were handed out: a hat, jersey and baseball socks (parents supplied baseball pants). Our different age groups played regularly scheduled games Monday-Saturday (twice a week) from mid May to the late July.

In addition to playing games, the players were able to participate in a Skills Challenge Day, on June 17<sup>th</sup>. Each age group tested their hitting, throwing and running skills. Each child received a participation medal and the top 3 finishers in each skill got a 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> place medal. A free hot dog, chips and drink for players and families were provided using a generous donation from the **OBPPC (Ontario Beach Park Program Committee)**.

The **CYAA** also partnered with **SEABREEZE AMUSEMENT PARK** to sell reduced price tickets to the park on July 9<sup>th</sup> for players and Families.

Each age group culminated their regular season and playoffs and with a Trophy night. All players received a trophy. A generous donation by **Wegmans** helped us feed our players and families a hot dog chips, and drink to celebrate.

We plan on trying to hold another small Fall Ball season.

Many thanks go out to our network of dedicated parents, volunteers and team sponsors and benefactors, both public and private, notably the City of Rochester and Monroe County who provide help with our fields. Your donation of time, effort, monetary, and in-kind support to the children is indeed commendable. The overall viability of the **CYAA** depends on these partnerships.

Our concession/bathroom/storage building continues to be a big hit, as it provides much needed storage capacity, clean bathrooms, and a low cost meal and snack alternative for families, as well as a source of revenue to continue with site upgrades and equipment replacement.

As always, we remain committed to giving our children and families, a safe, fun, family oriented baseball league, where friendship and teambuilding is stressed over wins and losses.

If are interested in making a donation, our address is:

## Charlotte Branch Library

### 1st Thursday History September 7, 2023 at 2:00 PM

#### Charlotte's Infamous Father Fitzgerald

In the early hours of the morning of July 17, 1895, Holy Cross Parochial School burned to the ground. It was arson! Three people were indicted for the crime including the Reverend John M. Fitzgerald, pastor of the parish. Did he actually burn down his own school or was he the target off a vindictive police chief? The village of Charlotte was divided over whether he was innocent or guilty. Fitzgerald's case made headlines all over the United States and Canada. Come and learn about

Father Fitzgerald

this controversial clergyman as we kick-off a new season of monthly history programs.

The program is presented by *Maureen Whalen*, a retired librarian with the Rochester Public Library for more than thirty years and the manager of the Charlotte Branch Library when she retired in 2007. In 2013, she and *Marie Poinan* started the 1<sup>st</sup> Thursday History series at the Charlotte Library. She has curated exhibits at the Greece Historical Society and had been a docent at the Seneca Park Zoo since 2006. She co-authored a history of the Rochester Public Library and in April 2020, she published: *A History of Seneca Park Zoo*.
